The

bonus code WRALXLM activates two offers, though you can only play one

of them. The

"Bet\$5, Get\$150" deal suits newer players who w

ant an easy payout from a minuscule

investment. Conversely, the\$1,000 First Bet Safety Net suits experien

ced bettors who

don't mind risking three or four digits on a single wager.

t;

Personally, I prefer the

"Bet\$5, Get\$150." It's hard to top a guaran

teed 30-1 payout, especially when you only

invest\$5. I can use my\$150 bonus on other NBA games and o

ther markets, including NFL

Week 18 and the CFP National Championship.
