Call of Duty: Black Ops II is a fictional video game and is not entirely accurate in its portrayal of US military. While the game may draw inspiration from real-world military equipment and tactics, it is important to remember that it is a work of fiction designed for entertainment. How accurate is Black Ops 2 to the real world?

US-16ry Green Nose Takes place between 1961 vs 1968 during both a Cold War and Vietnam, 16 years to 23 years after the event of World War II. It portrays secret operations carried out behind enemy lines by the CIA.
