</p>

<p>A game of Texas hold 'em in progress. "Hold 'em" 

7936; is a popular form of poker.</p>

<p>Poker is a family of comparing card games in which players wager over w

hich hand 🏀 is best according to that specific game's rules. It is

played worldwide, but in some places the rules may vary. 🏀 While the ea

rliest known form of the game was played with just 20 cards, today it is usually

played with 🏀 a standard deck, although in countries where short packs

are common, it may be played with 32, 40 or 48 🏀 cards.[1] Thus poker

games vary in deck configuration, the number of cards in play, the number dealt

face up or 🏀 face down, and the number shared by all players, but all h

ave rules that involve one or more rounds of 🏀 betting.</p>

<p>In most modern poker games, the first round of betting begins with one

or more of the players making some 🏀 form of a forced bet (the blind or) Tj T* B

believe their hand is worth as compared to the other players. The action then

proceeds clockwise as each player in 🏀 turn must either match (or ") Tj T* B

all 🏀 further involvement in the hand. A player who matches a bet may

also "raise" (increase) the bet. The betting round 🏀 ends whe

n all players have either called the last bet or folded. If all but one player f

olds on any 🏀 round, the remaining player collects the pot without bein

g required to reveal their hand. If more than one player remains 🏀 in c

ontention after the final betting round, a showdown takes place where the hands

are revealed, and the player with 🏀 the winning hand takes the pot.</

/p>

<p>With the exception of initial forced bets, money is only placed into th

e pot voluntarily 🏀 by a player who either believes the bet has a posit

ive expected value or who is trying to bluff other 🏀 players for variou

s strategic reasons. Thus, while the outcome of any particular hand significantl

y involves chance, the long-run expectations of 🏀 the players are deter

mined by their actions chosen on the basis of probability, psychology, and game

theory.</p>

<p>Poker has increased in 🏀 popularity since the beginning of the

20th century and has gone from being primarily a recreational activity confined

to small 🏀 groups of enthusiasts to a widely popular activity, both fo
