<p>How do I create a player alias?</p>

<p>Player aliases are used to combine user IDs from</p>

<p> multiple poker sites into one ID, a new player ID (player alias). You can

do these easily by</p>

<p> following the below steps:</p>

<p> Step 1 Click on the ID, a CREATE ALIAS option from the player ID</p>

<p>

<p> selection pull down.</p>

<p> Step 2 From the Alias pop-up menu, click on CREATE ID, a NEW.</p>

<p>

<p> Step 3 </p>

<p> Enter a new Player alias name into the ALIAS text box at the top of the

alias ID window.</p>

<p> Select the players you'd like to combine into this alias from the play

ers list on the</p>

<p> left by either ID, a scrolling or typing part of their name into the se

arch text box. Once</p>

<p> the player(s) name is located that you'd ID, a like to add, simply drag

it into the Selected</p>

<p> Players window or click the + key. You can also CTRL ID, a click to add

multiple player names</p>

<p> all at once. When you're done selecting the players you'd like to add

to ID, a your new</p>

<p> alias, click on OK. A new Player ID will be created using the name you

entered in the</p>

<p> ID, a ALIAS text box at the top of the screen. Remember, to access your

new player alias</p>

<p> you've created, you must ID, a select from the player ID drop down at the

top of any drivehud</p>

<p> screen.</p>

<p> To edit or delete an alias, from ID, a step 2, simply click on the trash

icon to</p>

<p> delete an existing player alias. To edit and add or remove ID, a names

from an alias, click</p>

<p> on the pencil icon from step 2.</p>

<p></p>
